

R CINQUANTOTTO

Cinquantotto means 58, the new R 58 from Rocket Espresso.

Dual independently operated PID controlled boilers allowing for optimum extraction of any coffee type or roast style. Rocket Espresso inclined boiler technology means precise group temperature adjustment and unprecedented levels of temperature stability.

Commercial grade rotary pump draws from the machines internal water reservoir or allows for the machine to have a direct water connection from the water supply.

Machine functions are controlled by the machine touch screen communication pod that now includes an automatic on / off function, your machine is ready to go whenever you need coffee. The communication pod can easily be removed from the machine to retain the aesthetic that is Rocket Espresso.

R CINQUANTOTTO FEATURES

- Dual boilers of 0.58 and 1.8 litres
- PID controlled
- Rotary pump
- Rocket Espresso communication pod
- Digital shot timer
- 2.5 litre water reservoir or direct water connection option
- Height adjustable feet
